Book #2 – Point of View from a Specific Organization

Select an organization that might have a lot to say about the actions or portrayals of characters in the novel you're reading, and write a critique of the book from its point of view. For example, if The People for the Ethical Treatment of Animals (PETA) were to read *The Lion, the Witch, and the Wardrobe*, how would they respond in a review of the treatment of animals by the White Witch? If the End Violence Against Children (EVAC) organization were to read *The Hunger Games*, how would they respond in their review? Basically, what I want you to do is pretend you belong to a particular organization and write the review portion of your BookBlog from the point of view of the organization you are a part of.
