

7th Grade English Derivative Spelling/Vocabulary List

You are responsible for not only knowing these words and their spellings as they appear on this list, but you are also responsible for knowing all morphological constructs, spellings, and definitions associated with any changes to these words. You will not encounter every construct this year, but you will be expected to know them if asked.

For example, for the word “biology,” you will be expected to know how to spell and define the following if asked:

biologies, biologic, biologics, biological, biologicals, biologically, biologist, biologists, nonbiological, nonbiologicals, nonbiologically, unbiological, unbiologicals, unbiologically, semibiologic, semibiologics, semibiological, semibiologicals, semibiologically, pseudobiological, pseudobiologicals, pseudobiologically
